

### **Amendments of the Claims:**

A detailed listing of all claims in the application is presented below. This listing of claims will replace all prior versions, and listings, of claims in the application. All claims being currently amended are submitted with markings to indicate the changes that have been made relative to immediate prior version of the claims. The changes in any amended claim are being shown by strikethrough (for deleted matter) or underlined (for added matter).

1. (Original) A cloned cell line, derived from parental cell line BTI-TN-5B1-4, wherein said cloned cell line possesses the properties of increased production of baculovirus particles, increased expression of foreign proteins using a baculovirus expression system, and increased resistance to cell culture stress, relative to said parental cell line.

---

2. (Original) The cell line of claim 1, wherein said cell line is H5CL-B.
3. (Original) The cell line of claim 1, wherein said cell line is H5CL-F.
4. (Original) An isolated cell line derived from eggs of *Trichoplusia ni*, having all the identifying characteristics of H5CL-B.
5. (Original) An isolated cell line derived from eggs of *Trichoplusia ni*, having all the identifying characteristics of H5CL-F.
